

Aksel Dindisyan

Email: aksel.dindisyan@sabanciuniv.edu • LinkedIn: Link

Education

Sabancı University

Faculty of Engineering and Natural Sciences

Major: Computer Science and Engineering

Double Major: Industrial Engineering

CGPA: 3.96 / 4.00

Ranking: 5 / 252

Istanbul, Turkey

Sep 2022-Jun 2026

Sep 2022-Expected Jun 2027

Eindhoven University of Technology

Mathematics and Computer Science Department

Major: Computer Science and Engineering (Erasmus Exchange)

Eindhoven, Netherlands

Feb 2025-July 2025

Research Interest

- Deep Learning and Artificial Intelligence
- Machine Learning
- Computer Vision
- Data Science
- High Performance Computing
- Optimization

Research Experience

Virallab (Sabancı University): Link

Research Assistant

Istanbul, Turkey

Oct 2025-Present

- Developed a computer vision pipeline to detect brand logos on social media platforms.
- Created ground truth annotations by using WBF (Weighted Boxes Fusion) to aggregate multiple user annotations.

Publications

- Özgün Yargı, **Aksel Dindisyan**, Onur Varol, "Brand Logo Detection in Social Media Images", *34th Signal Processing and Communications Applications Conference (SIU)*, IEEE, Istanbul, Turkey, July 2026. DOI: 10.1109/SIU71813.2026.11636669

Teaching & Mentoring Experience

Sabancı University

Learning Assistant - IF 100 Computational Approaches to Problem Solving

- Guided students through Python-based problem sets.
- Addressed lecture-related queries.

Istanbul, Turkey

Oct 2025- June 2026

Sabancı University

Learning Assistant - CS 307 Operating Systems

- Helped students through homeworks related about operating system principles.
- Helped instructor to create material for the course.

Istanbul, Turkey

Oct 2026 - Present

Industry & Technical Experience

Mercedes Benz Turk Intern - Technical Procurement	Istanbul, Turkey Jun 2026-Aug 2026
• Analyzed relationships between the Strait of Hormuz Crisis and commodity prices. • Developed forecasting methods that predict commodity prices in order to make informed procurement deals.	

Orbislabs AI Intern	Istanbul, Turkey Aug 2025-Sept 2025
• Researched LLM architectures and AI agents. • Engineered AI agents, including a CV analyzer and Text2SQL converter, leveraging LangChain and Langflow to automate data processing tasks.	

Ford Otosan Intern	Istanbul, Turkey Jul 2025-Aug 2025
• Implemented and optimized computer vision algorithms such as BEVFusion to enhance autonomous vehicle perception systems.	

Projects

Explainable HPC Optimization for Container Terminals	Oct 2025-Present
• Optimized berth allocation for cargo ships using heuristics, mixed integer programming and dynamic programming. • Used OpenMP to parallelize heuristics for 40 times faster results. • Trained machine learning models to predict the dwell time of containers at the terminal.	

CLARITY - Unmasking Political Question Evasions:	Oct 2025-Jan 2026
• Conducted extensive data analysis and feature engineering on text data. • Trained various machine learning and transformer models such as neural networks, RoBERTa, Llama 8B, Llama 70B.	

Data Science Project on My Step Counts: Link	Oct 2024-Jan 2025
• Explored my own step count data. • Discovered interesting trends by using Pandas and NumPy.	

Machine Learning Project on Instagram Data: Link	Oct 2024-Jan 2025
• Processed large scale Instagram datasets using Pandas, uncovering engagement trends that correlated with posting times. • Developed machine learning algorithms such as random forest and gradient boosting by using Python and Scikit-learn.	

Awards & Scholarships

- Sabancı University Merit-Based Scholarship: 50%
- Placed on the Sabancı University Dean's List for 5 semesters.
- Obtained Sakıp Sabancı Encouragement Scholarship for 2 years.
- Obtained TUBITAK STAR Researcher Scholarship from March 2026 to July 2026

Leadership & Activities

QSB SU, QTurkey Student Branch Sabanci University Co-Founder and Vice President	Istanbul, Turkey Jul 2023-Jul 2024
• Co-founded QSB SU to raise awareness of quantum technologies. • Organized and led events such as seminars, hackathons, and workshops.	

CSS, Computer Science Society Board Member	Istanbul, Turkey Oct 2023-Aug 2024
• Collaborated with team members to execute club activities.	

Skills & Interests

Technical: C++, Python, Java, R, Data Science and Analytics, Artificial Intelligence, Machine Learning, Computer Vision, Parallel Computing, Game Development, OpenMP, CUDA, Open MPI, SQL , NoSQL, PyTorch, TensorFlow, Spark.

Soft Skills: Critical Thinking, Analytical Skills, Problem Solving, Teamwork, Leadership, Research Skills, Entrepreneurship.

Language: Turkish (Native), English (Full working proficiency, C1)
